

### **NORTHRIDGE SIBLING DISCOUNT**

We are pleased to announce Northridge's Sibling Discount ("Sibling Discount") for the 2017-2018 school year. The Northridge Discount will apply to families paying \$20,000+ in annual combined tuition to Northridge Prep, The Willows Academy, and Embers Elementary. We know that over the years numerous Northridge families have wanted many or all their children to attend these schools, but have sometimes found that the combined sum of their tuition made it prohibitive. The Northridge Sibling Discount is intended to help our families send multiple children to these schools, if they so desire.

#### **Sibling Discount - explained**

- The Sibling Discount will be applied to your Northridge tuition if the sum of your 2017-2018 tuition and fee payments made to The Willows Academy, and Embers Elementary, plus your anticipated tuition and fee payments to Northridge (pre-Sibling Discount) exceeds \$20,000 ("Combined Tuition").
- The Sibling Discount amount will be 10% if your Combined Tuition is \$20,000 - \$20,999. The Sibling Discount will increase from the 10% level at a rate equal to 8/10ths of 1% for every \$1,000 in Combined Tuition over \$20,000. The maximum Northridge Discount obtainable is 50% of your pre-Northridge Sibling Discount tuition.
- Example: For a family with Combined Tuition of \$40,000, the Sibling Discount will be 26% of their family's pre-discount tuition at Northridge. The 26% is arrived at as follows: 10% plus 16% (16% is 8/10ths of 1% x 20).

To calculate the Sibling Discount, you can use the Excel document online at <http://northridgeprep.org/admissions/affording-northridge>.

Donations and host family credits from The Willows Academy and Embers Elementary do not count towards Combined Tuition. Also, the Northridge Discount cannot be combined with financial aid, International Host Family Credit, or any other financial accommodation provided by Northridge.

To receive the Sibling Discount for the upcoming academic year, your family must:

1. Sign the Northridge TADS Tuition Agreement and Enrollment Contract by May 15, 2017;
2. Apply on TADS, which is where you provide us with the information of your children and their tuition at Embers Elementary or The Willows Academy for the 2017-2018 academic year.

By satisfying these two requirements you are granting Northridge permission to audit your tuition due and payments at The Willows Academy and Embers Elementary. After the audit, Northridge will apply the discount to your TADS account.

The Sibling Discount runs concurrently with enrollment and actual sibling payments at all three schools. Should the enrollment or payment situation for your children change, your Northridge Discount will be recalculated at that time. The Sibling Discount is not available for international students.
