

NORTHRIDGE SIBLING DISCOUNT

Over the years numerous Northridge families have wanted many or all of their children to attend Northridge, Willows Academy, and/or Embers Academy (collectively, "Schools"), but have sometimes found that the combined sum of their tuition made it prohibitive. The Sibling Discount is intended to help our families send multiple children to these schools, if they so desire.

Sibling Discount - explained

- **Who qualifies?** You are eligible to request the Sibling Discount if you have three or more students attending the Schools and the sum of your net tuition and fee amounts at Willows Academy and Embers Academy, plus your unadjusted tuition and fee amount at Northridge (pre-Sibling Discount) exceed \$30,000 ("Combined Tuition").
- **How it is calculated.** The goal is for the discount to rise exponentially with increases in your tuition bill. The discount is calculated using the Combined Tuition you owe across the Schools (after discounts, scholarship, or financial aid awards from Willows and / or Embers). The Sibling Discount is 10% when the Combined Tuition amount is up to \$31,425 - \$32,424. The Sibling Discount percentage increases by an incremental 0.8% for every additional \$1,000 in Combined Tuition over \$31,425 until it reaches the Sibling Discount 50% maximum.
- **Example:** For a family with three or more students at the Schools with a Combined Tuition amount of \$50,000, the Sibling Discount would be 25% of the family's unadjusted Northridge tuition and fees. The calculation of 25% is as follows: 10% plus 15%, where 15% is equal to $(0.8\% \times ((\$50,000 - \$31,425) / \$1,000))$.

You can estimate your Sibling Discount using this Sibling Discount Calculator ([click here](#)).

Donations and host family credits from Willows Academy and Embers Academy do not count towards Combined Tuition. The Sibling Discount cannot be combined with First Responder Discount, financial aid, International Host Family Credit, or other financial accommodations provided by Northridge.

To request the Sibling Discount for the upcoming academic year, your family must:

1. Complete enrollment in onCampus by March 15;
2. By June 1: Email John Kurt jkurt@northridgeprep.org (Business Manager) with your Sibling Discount request. Please attach the Excel File of the Sibling Discount Calculator filled out for your family's situation. If one or more of your three eligible students are enrolled at Willows Academy or Ember Academy, please also attach a copy of your final Willows Academy and / or Embers Academy tuition statement(s) with your Sibling Discount request.
 - a. Note: The Sibling Discount will be calculated and applied to your Northridge tuition account after your Sibling Discount request has been received and the "final" tuition statement(s) from The Willows Academy and/or Embers Academy have been reviewed. Please ensure your final tuition statements reflect all discounts and financial aid granted by Embers or the Willows Academy. If you are applying for financial aid at The Willows Academy or Embers Academy, please wait until the aid awards have been applied to your tuition statement.

Your Sibling Discount will be adjusted during the school term if your family's enrollment or financial aid at the Schools changes. The Sibling Discount is not available for international students.
